

Arizona Congressional District 6 Communities Benefit From LSTA Funds

Federal funds administered by the Institute of Museum and Library Services provide access to electronic resources and literacy programs for all Arizona citizens. In addition, funds are distributed to community libraries through competitive subgrants. Between 2014 and 2016, CD 6 libraries used LSTA awards to:

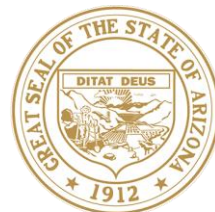

- Create a Discovery zone in Scottsdale with themed collections, tablets, and ebooks for hundreds of young children to explore.
- Encourage tribal language preservation and improve digital skills by teaching elders and children to use GIS software.
- Develop a digital media lab to help job seekers and entrepreneurs create their online and print materials.

Maps and Geospatial Technology Education to Help Preserve Tribal Language – Ft McDowell Yavapai Nation Library

The response to the digital media lab and the classes has been tremendous. Participants gave nearly perfect scores for instructor knowledge, quality of material, value of material and overall satisfaction.
